INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Loess Hills Area Education Agency 13
Council Bluffs, Iowa

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Loess Hills Area Education Agency 13 (the "Agency") as of and for the year ended June 30, 2010, which collectively comprise the Agency's basic financial statements listed in the table of contents. These financial statements are the responsibility of Agency management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U. S. generally accepted auditing standards, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Loess Hills Area Education Agency 13 at June 30, 2010, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with U. S. generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 22, 2010, on our consideration of Loess Hills Area Education Agency 13's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis, Budgetary Comparison Information and Schedule of Funding Progress for the Retiree Health Plan on pages 5 through 11 and 34 through 36 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standard's Board. We have applied limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. We did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Loess Hills Area Education Agency 13's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the six years ended June 30, 2009 (which are not presented herein) and expressed unqualified opinions on those financial statements. Other supplementary information included in Schedules 1 through 5, including the Schedule of Expenditures of Federal Awards required by U. S. Office of Management and Budget (OMB) Circular A-133, Audits of State, Local Governments and Non-Profit Organizations, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

LOESS HILLS AREA EDUCATION AGENCY 13

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

Loess Hills Area Education Agency 13 (the "Agency") provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2010. We encourage readers to consider this information in conjunction with the Agency's financial statements, which follow.

2010 FINANCIAL HIGHLIGHTS

- General Fund revenues increased from \$25,764,391 in fiscal year 2009 to \$29,575,068 in fiscal year 2010, while General Fund expenditures increased from \$25,751,740 in fiscal year 2009 to \$28,982,144 in fiscal year 2010. This resulted in an increase in the Agency's General Fund balance from \$1,767,093 in fiscal year 2009 to \$2,393,334 in fiscal year 2010, a 35.4% increase from the prior year.
- The increase in General Fund revenues was attributable predominately to 1) an increase in teacher quality funds, 2) ARRA stimulus funds for the Special Education program, and 3) ARRA stimulus flow through funds for local school districts. The increase in expenditures was due primarily to 1) an increase in teacher quality payments, 2) general increases throughout Agency programs, and 3) ARRA stimulus flow through payments to local school districts. The General Fund balance increased primarily because the ARRA Stimulus program allowed maintenance of effort reduction which freed up state and local funds in Special Education to be used for expenditures in Media and Educational Services.
- The Agency received state sharing funds of \$136,048 in 2009/10 for sharing a Special Education Director and a Facilities position with Green Valley Area Education Agency 14 in 2008/09.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

- Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the government's financial activities.
- The Government-wide Financial Statements consist of a statement of net assets and a statement of activities. These provide information about the activities of the Agency as a whole and present an overall view of the Agency's finances.
- The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report the Agency's operations in more detail than the government-wide statements by providing information about the most significant funds.
- Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.
- Required Supplementary Information further explains and supports the financial statements with a comparison of the Agency's budget for the year.
- Other Supplementary Information provides detailed information about the nonmajor funds. In addition, the Schedule of Expenditures of Federal Awards provides details of various federal programs benefiting the Agency.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

REPORTING THE AGENCY'S FINANCIAL ACTIVITIES

Government-Wide Financial Statements

The Government-wide statements report information about the Agency as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the Agency's assets and liabilities. All of the current year revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two Government-wide statements report the Agency's net assets and how they have changed. Net assets – the difference between the Agency's assets and liabilities – are one way to measure the Agency's financial health or position. Over time, increases or decreases in the Agency's net assets are an indicator of whether financial position is improving or deteriorating, respectively. To assess the Agency's overall health, additional non-financial factors, such as changes in the Agency's property tax base and the condition of its facilities, need to be considered.

In the Government-wide financial statements, the Agency's activities are divided into two categories:

- *Governmental activities:* Most of the Agency's basic services are included here, such as regular and special education instruction, student and instructional staff support services, and administration. Property tax, federal grants and state aid finance most of these activities.
- *Business-type activities:* The Agency charges fees for vending machine operations.

Fund Financial Statements

The fund financial statements provide detailed information about the Agency's funds, focusing on its most significant or "major" funds – not the Agency as a whole. Funds are accounting devices the Agency uses to keep track of specific sources of funding and spending on particular programs. Some funds are required by state law or by bond covenants. The Agency establishes other funds to control and manage money for particular purposes, such as accounting for major construction projects or to show that it is properly using certain revenues, such as federal grants.

The Agency has two kinds of funds:

- *Governmental Funds* account for most of the Agency's basic services. These funds focus on how cash and other financial assets that can readily be converted to cash flow in and out and the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Agency's programs. The Agency's governmental funds include the General Fund and the Special Revenue Fund.

The required governmental funds financial statements include a balance sheet and a statement of revenues, expenditures and changes in fund balances.

- *Proprietary Funds* account for services for which the Agency charges a fee. Proprietary funds are reported in the same way as the Government-wide statements. The Agency's enterprise fund, one type of proprietary fund, is the same as its business-type activities, but provides more detail and additional information, such as cash flows. The Agency currently has one enterprise fund, which includes vending machine operations.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

REPORTING THE AGENCY'S FINANCIAL ACTIVITIES (Continued)

Fund Financial Statements (Continued)

- *Proprietary Funds (Continued)* The required proprietary funds financial statements include a statement of net assets, a statement of revenues, expenses and changes in net assets and a statement of cash flows.

A summary reconciliation between the Government-wide financial statements and the fund financial statements follows the fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of financial position. The Agency's net assets at the end of fiscal year 2010 totaled approximately \$4.2 million. This compared to approximately \$3.8 million at the end of fiscal year 2009. The analysis that follows provides a summary of the Agency's net assets at June 30, 2010 for the governmental and business-type activities.

The Agency's combined net assets for fiscal year 2010 increased by \$.4 million from fiscal year 2009.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

GOVERNMENT-WIDE FINANCIAL ANALYSIS (continued)

	Changes in Net Assets (Continued)					
	(Expressed in Thousands)					
	Governmental		Business-Type		Total	
	Activities		Activities			
	Year Ended June 30,		Year Ended June 30,		Year Ended June 30,	
	2010	2009	2010	2009	2010	2009
Total program expenses	\$ 30,008	\$ 26,536	\$ 7	\$ 9	\$ 30,015	\$ 26,545
Increase (decrease) in net assets	399	(16)	(1)	(1)	398	(17)
Net assets beginning of year	3,832	3,848	5	6	3,837	3,854
Net assets end of year	\$ 4,231	\$ 3,832	\$ 4	\$ 5	\$ 4,235	\$ 3,837

Operating grants and contributions from local, state and federal sources account for 57.9% of the total governmental activities revenue while general revenues account for 35.5%. The Agency's expenses primarily relate to instruction, support services, and funds passed through to LEAs, which account for 81.5% of the total governmental activities expenses. This percentage increased by 1.9% from 2008/09.

Governmental Activities

Revenues for governmental activities were \$30,406,906 and expenses were \$30,007,993. Both Unrestricted Net Assets and Restricted Net Assets increased. Net Capital Assets showed a slight increase.

Business-Type Activities

Revenues of the Agency's business-type activities were \$5,995 and expenses were \$6,886. The Agency's business-type activities are vending machines operations. The reduction in balance was planned. Revenues are from funds received from vending machine sales. Expenses are for payment of items purchased for resale in vending machines.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

INDIVIDUAL FUND ANALYSIS

As previously noted, the Agency uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The Agency's governmental funds reported combined fund balances of \$2,393,334, which is \$626,241 higher than last year's ending fund balances of \$1,767,093. The primary reasons for this increase in combined fund balances in fiscal year 2010 was due to an increase in Reserved Fund Balances, primarily categorical aid carryover and increases in Media and Educational Services due to the maintenance of effort reduction allowed through the ARRA stimulus program.

Governmental Fund Highlights

- The Agency's increasing General Fund financial position is due primarily to an increase in both the reserved and unreserved fund balances. The overall Agency financial position improved from 2008/09 to 2009/10.
- The General Fund balance increased from \$1,767,093 to \$2,393,334 due to an increase in both the reserved and unreserved fund balances.

Proprietary Fund Highlights

- Proprietary Fund net assets decreased from \$5,352 at June 30, 2009 to \$4,461 at June 30, 2010, representing a decrease of approximately 16.6%. The Agency has planned to reduce this balance through vending machine operations.

BUDGETARY HIGHLIGHTS

The Agency's Board of Directors annually adopts a budget on a basis consistent with U.S. generally accepted accounting principles. Although the budget document presents functional disbursements by fund, the legal level of control is at the total expenditure level, not at the fund or fund type level. After required public notice and hearing in accordance with the Code of Iowa, the Board submits its budget to the State Board of Education. The State Board reviews the proposed budget and either grants approval or returns it without approval with comments. Any unapproved budget must be resubmitted to the State Board for final approval. The budget may be amended during the year utilizing procedures prescribed by the State Board. Over the course of the year, the Agency amended its annual operating budget one time to reflect additional revenue and expenditures associated with new grants and other information such as salary increases for staff, which were not available when the original budget was adopted. A schedule showing the original and final budget amounts compared to the Agency's actual financial activity is included in the required supplementary information section of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2010, the Agency had invested \$2,331,736, net of accumulated depreciation, in a broad range of capital assets, including land, buildings, a media collection, vehicles and copy machines. This is a net decrease of approximately \$6,500 from last year. This year's decrease was primarily due to depreciation expense exceeding purchases in fiscal year 2010.

The Agency had depreciation expense of \$308,674 in fiscal year 2010 and total accumulated depreciation of \$2,317,062 at June 30, 2010. More detailed information about capital assets is available in Note 4 to the financial statements.

Long-term Debt

At June 30, 2010, the Agency had \$494,256 in long-term liabilities outstanding compared to \$273,444 at the end of fiscal year 2009. The increase is due to the increase of the Net OPEB liability to the financial statements. More detailed information about the Agency's long-term liabilities is available in Note 5 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

At the time these financial statements were prepared and audited, the Agency was aware of several existing circumstances that could significantly affect its financial health in the future:

- The Agency has experienced an annual decrease in the number of students enrolled in local districts for the past several years. That decrease is expected to continue, and decreased enrollment means decreased funding from the state.

The Iowa Legislature cut state aid across the board by 10% in 2009/10. Those funds were restored in fiscal year 2010/11. However, due to current economic conditions and a study of area education agencies in general, the level of funding from the 2011 Legislature remains somewhat uncertain.

- The Agency received ARRA stimulus funds from the Federal Government in 2008/09 and 2009/10 and will continue to receive funds in 2010/11. Those funds will allow the Agency to continue the current level of service in 2010/11. However, when the ARRA funds are exhausted, it is anticipated that sufficient State funds may not be available, and services to students and schools may decrease.
- The Agency merged with Green Valley AEA 14 on July 1, 2010 to form Green Hills AEA. The impact on services to students and schools is not entirely clear at this point. While costs will be saved in some areas, it is anticipated that additional costs will occur in other areas.

CONTACTING THE AGENCY'S FINANCIAL MANAGEMENT

This financial report is designed to provide the Agency's citizens, taxpayers, customers, investors and creditors with a general overview of the Agency's finances and to demonstrate the Agency's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Director of Finance, Green Hills AEA, PO Box 1109, Council Bluffs, Iowa 51502.

See Notes to Financial Statements.

**RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES --
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
Year Ended June 30, 2010**

Net change in fund balances - Total governmental funds (page 17) **\$ 626,241**

*Amounts reported for governmental activities in the Statement
of Activities are different because:*

Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the estimated useful lives of the assets. Capital outlay exceeded depreciation expense in the current year as follows:

Expenditures for capital assets	\$ 302,158	
Depreciation expense	(308,674)	(6,516)

The accrual for the long-term portion of the early retirement obligation and other post employment benefits is not due in the current period and, therefore, is not reported in the governmental fund. However, such accrual is recorded as an expense in governmental activities. The early retirement obligation decreased in the current year and other postemployment benefits increased, as follows:

Early retirement obligation reduction for year ended 6/30/10	28,068	
Other postemployment benefits	(248,880)	(220,812)

Net change in assets of governmental activities (page 14) **\$ 398,913**

See Notes to Financial Statements.

LOESS HILLS AREA EDUCATION AGENCY 13

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Loess Hills Area Education Agency 13 (the Agency) is an intermediate school corporation established to identify and serve children who require special education. The Agency also provides media services and education support services. These programs and support services are provided to 31 school districts and private schools in a seven-county area. The Agency is governed by a Board of Directors whose members are elected on a non-partisan basis.

The Agency's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

Reporting Entity:

For financial reporting purposes, the Agency has included all funds, organizations, agencies, boards, commissions and authorities. The Agency has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the Agency are such that exclusion would cause the Agency's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the Agency to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the Agency. The Agency has no component units that meet the Governmental Accounting Standards Board (GASB) criteria.

Basis of Presentation:

Government-wide Financial Statements – The statement of net assets and the statement of activities report information on all of the nonfiduciary activities of the Agency. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of net assets presents the Agency's nonfiduciary assets and liabilities, with the differences reported as net assets. Net assets are reported in three categories:

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets that do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources that are imposed by management, but can be removed or modified.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation (continued):

Government-wide Financial Statements (continued) – The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest that are restricted to meeting the operational or capital requirements of a particular function. Unrestricted interest income and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements – Separate financial statements are provided for governmental and proprietary funds. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other nonmajor governmental funds.

The Agency reports the following major governmental funds:

- The General Fund is the general operating fund of the Agency. All general revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, including instruction, support, and other costs.
- The Special Revenue Fund is used to account for programs where the Agency employs teachers to provide instruction to juvenile home program students and to special education pupils. The actual costs of providing instructional services to the pupils are reimbursed by the State of Iowa for the juvenile home program and are billed to the individual school districts for special education instruction.

The Agency reports the following major proprietary fund:

- The Agency's proprietary fund is the Enterprise Fund. This fund is used to account for activities that are performed as a service to staff and consists primarily of vending machine operations.

The Agency also serves as custodian of certain funds on behalf of other organizations. Such amounts are maintained in fiduciary funds which, because they are not direct assets or liabilities of the Agency, are not reported in the accompanying financial statements.

Measurement Focus and Basis of Accounting:

The Government-wide financial statements and the proprietary fund financial statements are reported using the "economic resources measurement focus" and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus and Basis of Accounting (continued):

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year-end.

Intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the Agency.

Government fund expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences, are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The Proprietary fund of the Agency applies all applicable GASB pronouncements as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Agency's enterprise fund is charged to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Assets, Liabilities and Fund Equity:

Cash, Pooled Investments and Cash Equivalents – Cash includes amounts in demand deposits and money market funds. Investments are stated at fair value except for the investment in the Iowa Schools Joint Investment Trust (ISJIT) that is valued at amortized cost that approximates fair value.

All short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash, and at the day of purchase, they have a maturity date no longer than three months.

Inventories – Inventories are stated at cost using the first-in, first-out (FIFO) method and consist of expendable supplies and materials. The cost of these items is recorded as an expenditure at the time of consumption. The amounts on hand at the financial statement date are reflected in the balance sheet as an asset.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Fund Equity (continued):

Capital Assets – Capital assets, which include property, furniture and equipment, are reported in the applicable governmental or business-type activities column in the Government-wide statement of net assets. Capital assets are recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the Agency as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of two years.

Land	\$ 5,000
Buildings	20,000
Improvements other than buildings	20,000
Furniture and equipment	5,000
Media collection	5,000

Additionally, the entire media collection will be considered in aggregate.

Property, furniture and equipment are depreciated using the straight-line method of depreciation over the following useful lives:

Asset Class	Estimated Useful Lives (In Years)
Buildings	50
Improvements other than buildings	20-50
Furniture and equipment	5
Media collection	5-15

Accrued Payroll and Related Expenses - Payroll and related expenses for certified staff and other employees with annual employment contracts corresponding to the current school year, which are payable in July and August, have been accrued as liabilities.

Deferred Revenue - Deferred revenue represents an excess of cash advances by the funding sources over accrued expenditures at year-end.

Accrued Compensated Absences - Agency employees accumulate a limited amount of earned-but-unused vacation and sick leave hours for subsequent use, or in the case of vacation leave, for payment upon resignation, retirement, death or termination. The liability for compensated absences for accrued vacation has been computed based on current rates of pay in effect at June 30, 2010. Agency policy requires that the carryover of accrued vacation leave must be used by June 30 of the ensuing fiscal year, and has therefore recorded the entire amount as a current liability in the general fund.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Fund Equity (continued):

Long-term Obligation – In the Government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the statement of net assets.

Fund Balances – In the governmental fund financial statements, reservations of fund balance are reported for amounts that are not available for appropriation or legally restricted by outside parties for use for a specific purpose.

Restricted Net Assets – In the Government-wide statement of net assets, net assets are reported as restricted when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

NOTE 2. CASH AND POOLED INVESTMENTS

The Agency's deposits in banks at June 30, 2010 were entirely covered by Federal depository insurance or by the State sinking fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The Agency is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Directors; prime eligible bankers' acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The Agency has investments in the Iowa Schools Joint Investment Trust Diversified Portfolio that are valued at an amortized cost of \$2,062,397 pursuant to Rule 2a-7 under the Investment Company Act of 1940.

Interest rate risk - The Agency's investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt) in instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days but the maturities shall be consistent with the needs and use of the Agency.

Credit risk - The investment in the Iowa Schools Joint Investment Trust is rated Aaa by Moody's Investors Service.

NOTES TO FINANCIAL STATEMENTS

NOTE 3. IOWA SCHOOL CASH ANTICIPATION PROGRAM (ISCAP)

The Agency participates in the Iowa School Cash Anticipation Program (ISCAP). ISCAP is a program of the Iowa Association of School Boards and is designed to provide funds to participating entities during periods of cash deficits. ISCAP is funded by a semiannual issuance of anticipatory warrants. The warrant sizing of each participating entity is based on a projection of cash flow needs during the semiannual period. Bankers Trust Co. NA is trustee of the program.

The Agency pledges its state foundation aid payments and General Fund receipts as security for warrants issued. Repayments must be made when General Fund receipts are received. The Agency must make minimum warrant repayments on the 25th of each month immediately following the final date the warrant proceeds may be used in an amount equal to 25% of the warrant amount. The interest rate on the Series 2009-10A warrants was 2.50%. The interest rate on the Series 2009-10B warrants is a variable rate, calculated daily based upon Banker's Trust Co. NA prime rate plus 50 basis points with a minimum interest rate of 4.50%. A summary of the Agency's ISCAP activity for the year ended June 30, 2010 is as follows:

Series	Warrant Date	Final Warrant Maturity	Balance Beginning of Year	Advances Received	Advances Repaid	Balance End of Year
2009-2010A	6/25/2009	6/23/2010	\$ -	\$ 2,825,000	\$ 2,825,000	\$ -
2009-2010B	1/21/2010	2/1/2011	-	300,000	300,000	-
			\$ -	\$ 3,125,000	\$ 3,125,000	\$ -

During the year ended June 30, 2010, the Agency paid \$77,371 of interest on the ISCAP warrants and earned interest of \$73,430 on investment of the proceeds.

NOTES TO FINANCIAL STATEMENTS

NOTE 4. CAPITAL ASSETS

Capital assets activity for the year ended June 30, 2010 is as follows:

	Balance Beginning of Year	Additions	Deletions	Balance End of Year
Governmental activities:				
Capital assets not being depreciated:				
Land	\$ 20,394	\$ -	\$ -	\$ 20,394

Furniture and equipment	422,826	41,899	84,375	380,350
Media collection	2,473,206	243,854	54,809	2,662,251
Vehicles	101,571	16,405	14,488	103,488
Total capital assets, being depreciated	4,479,918	302,158	153,672	4,628,404
Less accumulated depreciation for:				
Improvements other than buildings	11,074	-	-	11,074
Buildings and improvements	807,296	36,423	-	843,719
Furniture and equipment	321,122	23,802	84,375	260,549
Media collection	954,687	233,228	54,809	1,133,106
Vehicles	67,881	15,221	14,488	68,614
Total accumulated depreciation	2,162,060	308,674	153,672	2,317,062
Total capital asset being depreciated, net	2,317,858	(6,516)	-	2,311,342
Governmental activities - capital assets, net	\$ 2,338,252	\$ (6,516)	\$ -	\$ 2,331,736

Depreciation expense was charged to functions of the Agency as follows:

Governmental activities:	
Student support services	\$ 1,223
Instructional staff support services	234,580
General administration	16,675
Plant operations and maintenance	51,644
Central and other support services	4,552
Total governmental activities depreciation expense	<u>\$ 308,674</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 5. CHANGES IN LONG-TERM LIABILITIES

A summary of changes in long-term liabilities for the year ended June 30, 2010 is as follows:

	Balance Beginning of Year	Additions	Reductions	Balance End of Year
Early retirement obligation	\$ 90,872	\$ -	\$ 62,216	\$ 28,656
Net OPEB liability	244,000	248,880	-	492,880
	<u>\$ 334,872</u>	<u>\$ 248,880</u>	<u>\$ 62,216</u>	<u>521,536</u>
Portion due within one year				<u>27,280</u>
Portion due after one year				<u>\$ 494,256</u>

Early Retirement Obligation – Before fiscal year 2005/06 the Agency had a Board policy that allowed Agency employees who elect early retirement to be eligible to receive health insurance through the Agency for the lesser of five years, or when the retiree became eligible for Medicare. A liability has been recorded in the governmental funds representing the Agency's commitment to fund the health insurance premiums for these individuals. This liability has been computed based on actuarially based rates which estimate that retiree health care costs would increase 11% in fiscal 2011, decreasing gradually to 4.75% in fiscal 2019 and thereafter. In the Government-wide financial statements, the long-term early retirement obligation is reported as a liability in the governmental activities column in the statement of net assets. The Agency no longer has an Early Retirement policy.

NOTES TO FINANCIAL STATEMENTS

NOTE 6. OPERATING LEASES

The Agency has leased various facilities within the area and also has a rental agreement for a copy machine. These leases have been classified as operating leases and accordingly, all rents are charged to expenditures as incurred. The leases expire between June 30, 2011 and June 30, 2019. Certain leases are renewable for additional periods and most are noncancelable. Certain leases also require the payment of normal maintenance and insurance on the properties. In most cases, management expects that the leases will be renewed or replaced by other leases.

The following is a schedule by year of future minimum rental payments required under operating leases that have initial or remaining noncancelable lease terms in excess of one year as of June 30, 2010.

Year Ending June 30,	
2011	\$ 169,238
2012	162,660
2013	164,100
2014	125,700
2015	126,600
Thereafter	235,200
Total	\$ 983,498

The total rental expenditures for the year ended June 30, 2010 for all operating leases were \$117,013.

NOTE 7. PENSION AND RETIREMENT BENEFITS

The Agency contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits that are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P. O. Box 9117, Des Moines, Iowa 50306-9117.

Plan members are required to contribute 4.30% of their annual covered salary and the Agency is required to contribute 6.65% of annual covered payroll. Contribution requirements are established by State statute. The Agency's contribution to IPERS for the years ended June 30, 2010, 2009 and 2008 were \$893,440, \$811,088 and \$731,419, respectively, equal to the required contributions for each year.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Plan Description The Agency operates a single-employer retiree benefit plan that provides medical and prescription drug benefits for retirees and their spouses. There are 321 active and 35 retired members in the plan. Participants must be age 55 or older at retirement.

The medical and prescription drug benefits are provided through a fully-insured plan with Wellmark. Retirees under age 65 pay the same premium for the medical/prescription drug benefits as active employees, which results in an implicit rate subsidy and an OPEB liability.

Funding Policy The contribution requirements of plan members are established and may be amended by the Agency. The Agency currently finances the retiree benefit plan on a pay-as-you-go basis.

Annual OPEB Cost and Net OPEB Obligation The Agency's annual OPEB cost is calculated based on the annual required contribution (ARC) of the Agency, an amount actuarially determined in accordance with GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

The following table shows the components of the Agency's annual OPEB cost for the year ended June 30, 2010, the amount actually contributed to the plan and changes in the Agency's net OPEB obligation:

Annual required contribution	\$ 309,000
Interest on net OPEB obligation	4,880
Adjustment to annual required contribution	-
Annual OPEB cost	313,880
Contributions made	(65,000)
Increase in net OPEB obligation	248,880
Net OPEB obligation beginning of year	244,000
Net OPEB obligation end of year	\$ 492,880

For calculation of the net OPEB obligation, the actuary has set the transition day as July 1, 2008. The end of year net OPEB obligation was calculated by the actuary as the cumulative difference between the actuarially determined funding requirements and the actual contributions for the year ended June 30, 2010.

For the year ended June 30, 2010, the Agency contributed \$3,177,256 to the medical plan. Plan members eligible for benefits contributed \$135,062 or 4.1% of the premium cost.

The Agency's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation as of June 30, 2010 are summarized as follows:

Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
June 30, 2010	\$ 313,880	20.71%	\$ 492,880

NOTES TO FINANCIAL STATEMENTS

NOTE 8. OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

Funded Status and Funding Progress As of July 1, 2008, the most recent actuarial valuation date for the period July 1, 2009 through June 30, 2010, the actuarial accrued liability was \$2,441 million, with no actuarial value of assets, resulting in an unfunded actuarial accrued liability (UAAL) of \$2,441 million. The covered payroll (annual payroll of active employees covered by the plan) was approximately \$13,250,000, and the ratio of the UAAL to covered payroll was 18.42%. As of June 30, 2010, there were no trust fund assets.

Actuarial Methods and Assumptions Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumption about future employment, mortality and the health care cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as Required Supplementary Information in the section following the Notes to Financial Statements, will present multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections for benefits for financial reporting purposes are based on the plan as understood by the employer and the plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

As of the July 1, 2008 actuarial valuation date, the unit credit actuarial cost method was used. The actuarial assumptions include a 5% discount rate based on the Agency's funding policy. The projected annual medical trend rate is 11%. The ultimate medical trend rate is 6%. The medical trend rate is reduced 0.5% each year until reaching the 6% ultimate trend rate.

Mortality rates are from the RP2000 Group Annuity Mortality Table, applied on a gender-specific basis. Annual retirement and termination probabilities were developed from the retirement probabilities from the IPERS Actuarial report as of June 30, 2007 and applying the termination factors used in the IPERS Actuarial Report as of June 30, 2007.

Projected claim costs of the medical plan are \$823 per month for retirees less than age 65. The Agency does not have any retirees on the medical plan who have attained age 65. The salary increase rate was assumed to be 4% per year. The UAAL is being amortized as a level percentage of projected payroll expense on an open basis over 30 years.

NOTE 9. RISK MANAGEMENT

The Agency is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The Agency assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTES TO FINANCIAL STATEMENTS

NOTE 10. REORGANIZATION

On January 27, 2009, the Agency's board of directors approved the Agency's participation in a voluntary reorganization plan to allow for the merger of Green Valley Area Education Agency 14 with Loess Hills Area Education Agency 13. The newly merged Agency, effective fiscal year beginning July 1, 2010, is called Green Hills Area Education Agency and is serving the same school districts as served by the Agencies listed above prior to the merger.

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION – BUDGETARY REPORTING

The Agency's Board of Directors annually prepares a budget on a basis consistent with U.S. generally accepted accounting principles. Although the budget document presents function disbursements by fund, the legal level of control is at the total expenditure/expense level, not by fund. After required public notice and hearing in accordance with the Code of Iowa, the Board submits its budget to the State Board of Education. The State Board reviews the proposed budget and either grants approval or returns it without approval with comments. Any unapproved budget must be resubmitted to the State Board for final approval. The budget may be amended during the year utilizing procedures prescribed by the State Board.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors
Loess Hills Area Education Agency 13
Council Bluffs, Iowa

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Loess Hills Area Education Agency 13 (the "Agency"), as of and for the year ended June 30, 2010, which collectively comprise the Agency's basic financial statements listed in the table of contents, and have issued our report thereon dated November 22, 2010. We conducted our audit in accordance with U. S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Agency's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of the Agency's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance all deficiencies, significant deficiencies or material weaknesses have been identified. We identified no deficiencies in internal control over financial reporting that we consider to be significant deficiencies or material weaknesses.

A deficiency in internal control exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the Agency's financial statements will not be prevented or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Comments involving statutory and other legal matters about the Agency's operations for the year ended June 30, 2010 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the Agency. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

The Agency's responses to findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. While we have expressed our conclusions on the Agency's responses, we did not audit the Agency's responses and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of the Agency, and other parties to whom the Agency may report, including federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Loess Hills Area Education Agency 13 during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

OVER COMPLIANCE IN ACCORDANCE WITH
OMB CIRCULAR A-133**

Board of Directors of
Loess Hills Area Education Agency 13
Council Bluffs, Iowa

Compliance

We have audited the compliance of Loess Hills Area Education Agency 13 (the "Agency") with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2010. The Agency's major federal programs are identified in Part 1 of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grant agreements applicable to each of its major federal programs is the responsibility of the Agency's management. Our responsibility is to express an opinion on the Agency's compliance based on our audit.

We conducted our audit of compliance in accordance with U. S. generally accepted auditing standards, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Agency's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Agency's compliance with those requirements.

In our opinion, the Agency complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

The management of the Agency is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grant agreements applicable to federal programs. In planning and performing our audit, we considered the Agency's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, and to test and report on internal control over compliance in accordance with OMB A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance all deficiencies, significant deficiencies or material weaknesses have been identified.

A deficiency in the Agency's internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility material noncompliance with a type of compliance requirement of a federal program will not be prevented, detected and corrected on a timely basis. We identified no deficiencies in internal control over compliance.

A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We identified no significant deficiencies or material weaknesses in internal control over compliance.

The Agency's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. While we expressed our conclusions on the Agency's responses, we did not audit the Agency's responses and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of the Agency and other parties to whom the Agency may report including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

LOESS HILLS AREA EDUCATION AGENCY 13

Schedule of Findings and Questioned Costs Year Ended June 30, 2010

Part I: Summary of Auditor's Results

- (a) An unqualified opinion was issued on the financial statements.
- (b) No reportable conditions in internal control over financial reporting were disclosed.
- (c) The audit did not disclose any non-compliance that is material to the financial statements.
- (d) No reportable conditions in internal control over compliance with requirements applicable to major federal award programs were disclosed by the audit.
- (e) An unqualified opinion was issued on compliance with requirements applicable to each major program.
- (f) The audit disclosed no audit findings required to be reported by OMB Circular A-133, Section 510(a).
- (g) The major programs were:
 - Clustered programs:
 - CFDA Number 84.027 – Special Education – Grants to States
 - CFDA Number 84.173 – Special Education – Preschool Grants
 - CFDA Number 84.391 – ARRA – Special Education Grants to States, Recovery Act
 - CFDA Number 84.215K – Funds for the Improvement of Education
- (h) The dollar threshold used to distinguish between Type A and Type B programs was \$300,000.
- (i) Loess Hills Area Education Agency 13 qualified as a low-risk auditee.

Part II: Financial Statement Findings Section:

None.

Part III: Findings and Questioned Costs For Federal Awards:

None.

LOESS HILLS AREA EDUCATION AGENCY 13

**Schedule of Findings and Questioned Costs (Continued)
Year Ended June 30, 2010**

Part IV: Other Findings Related to Required Statutory Reporting:

- IV-A-10 Budget: Expenditures during the year ended June 30, 2010 did not exceed the amounts budgeted.
- IV-B-10 Questionable Expenditures: No expenditures that may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.
- IV-C-10 Travel Expense: No expenditures of Agency money for travel expenses of spouses of Agency officials or employees were noted.
- IV-D-10 Business Transactions: No business transactions between the Agency and Agency officials or employees were noted.
- IV-E-10 Bond Coverage: Surety bond coverage of Agency officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure that the coverage is adequate for current operations.
- IV-F-10 Board Minutes: No transactions requiring Board approval were noted which had not been approved.
- IV-G-10 Deposits and Investments: No instances of non-compliance with the deposit and investment provisions of Chapters 12B and 12C of the Code of Iowa were noted.
- IV-H-10 Certified Annual Report: The Certified Annual Report was filed with the Department of Education timely and we noted no significant deficiencies in the amounts reported.
- IV-I-10 Categorical Funding: No instances were noted of categorical funding used to supplant rather than supplement other funds.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the Loess Hills Area Education Agency 13 during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.
